Our Founder.

Under the visionary leadership of Serena, Monarch Solicitors have grown from strength to strength into a reputable and trusted brand that provides a personal and high-quality service to every single client.

Monarch Solicitors was founded by C.E.O, Ms Serena Amani and quickly became one of the Top 10 growing businesses in Greater Manchester.

In 2001, Serena started her legal career in a full-service heavyweight commercial law firm, where she was in private practice for over 7 years.

Serena then transitioned into the public legal sector, where she represented central government organisations (The Insolvency Service and H.M.R.C) and then moved into Local Government legal services (Tameside Council and Manchester City Council).

In 2013, Serena decided to set up her own legal practice with nothing but her skills, sheer determination and a vision of creating a trusted international brand.

Serena's passion is to continue to grow the business both commercially and ethically. As such social responsibility is a core aspect of the firm's identity. Serena volunteers her time and skills as a lawyer, in her capacity as a Trustee of Antz Junction. This is a registered charity based in Greater Manchester that helps disadvantaged in the community members back into employment through various projects.

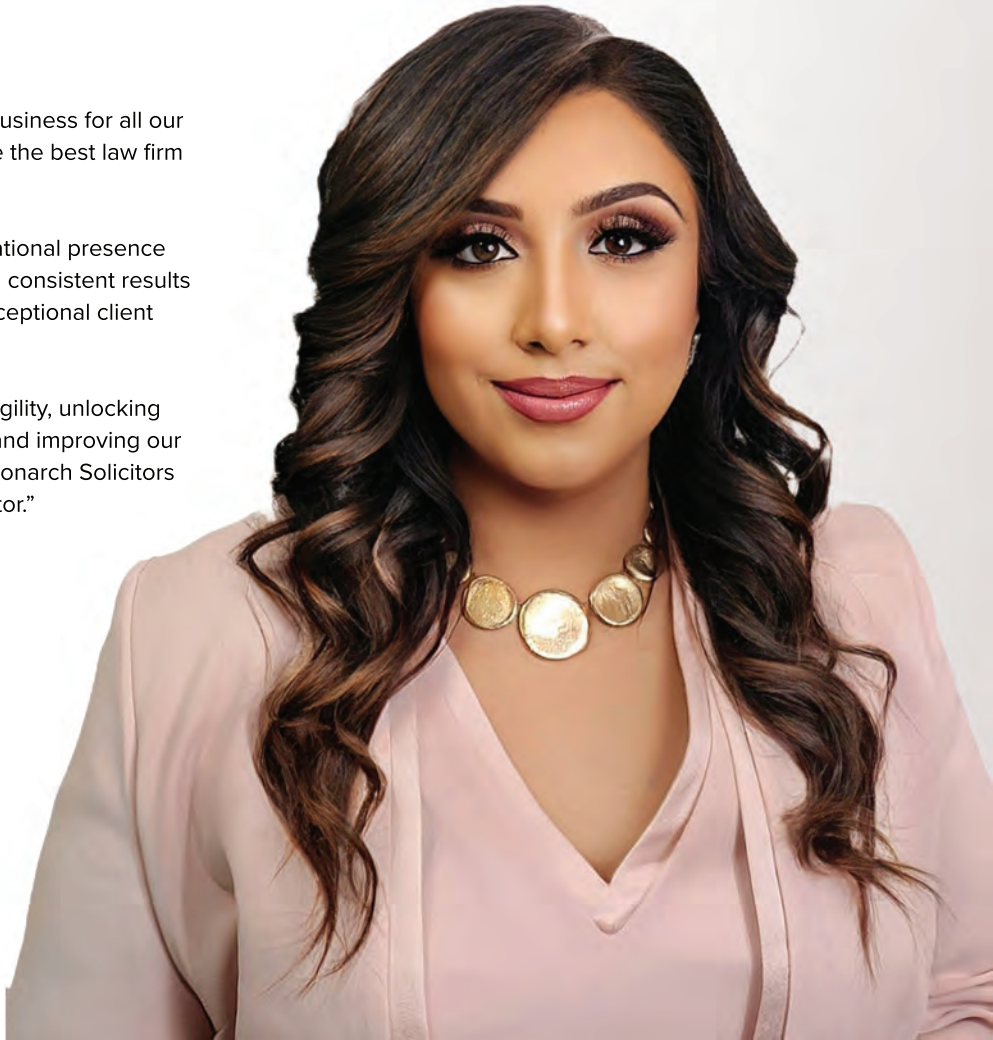

"I am dedicated to building a better brighter business for all our stakeholders and to unlock our potential to be the best law firm in the world.

Year on year the regional, national and international presence of Monarch Solicitors grows by demonstrating consistent results and innovating to ensure we are providing exceptional client services across all of our practice areas.

My strategy for success is simple – Through agility, unlocking communication, building trust, aiming higher and improving our competitive advantages on every occasion, Monarch Solicitors shall become a market leader in the legal sector."

What Our Clients Say.

"I recently had the pleasure of working with Monarch Solicitors law firm, where I was assisted by the fantastic Serena Amani. I needed help with a property investment I had made and I was really impressed with the level of customer service I received.

Serena was incredibly professional, knowledgeable, and attentive to my needs throughout the entire process. She was well-versed in property law and investment matters and was able to guide me through the legal aspects of my investment with ease. She kept me informed at every step and made sure I understood everything that was happening.

Overall, my experience with Monarch Solicitors and Serena Amani was excellent. I would highly recommend their services to anyone looking for a reliable and experienced legal team for their property investment needs."
